

# ISCN STRATEGIC PLAN

## 2025-2030

# LETTER FROM LEADERSHIP

On behalf of the International Sustainable Campus Network (ISCN), we are delighted to present our new Strategic Plan (2025-2030). We hope you will see our commitment to fostering collaboration and transformative peer learning among members reflected in this plan.

Higher education institutions must take a leadership role in advancing progress toward whole-institution sustainability, climate action, and biodiversity protection. Equally important are justice and equity in achieving these goals, and global youth movements demand that we do not lose sight of this.

We believe there is a significant opportunity to have an even greater global impact, and we are actively working with our members to achieve this. We invite you to join us on this journey and engage with our many programs and initiatives, all designed to strengthen our collective impact.

**Gisou van der Goot**  
Board President

**Victoria Smith**  
Executive Director

# VISION

ISCN members will use their capacity, passion, and intellectual capital to re-envision the future together and take meaningful action to contribute to sustainable development.

# MISSION

The mission of the ISCN is to provide an international forum to support higher education institutions in the exchange of information, ideas, and best practices for achieving sustainable campus operations, integrating sustainability in research and teaching, and making a positive impact in the world.

# VALUES

## **Respect and Diversity**

We value all members and the diverse perspectives they contribute to our network.

## **Community and Collaboration**

We seek to learn from and challenge each other, and work together to deepen our individual and collective impact.

## **Transparency and Inclusion**

We aspire to share openly and make decisions collectively for the vitality of the network.

## **Bold Leadership**

We are inspired to take bold action on our campuses for the greater good of our planet.

## STRATEGIC PRIORITY 1

### Enable Transformative Peer Learning and Exchange for Members

#### GOALS

1. Convene ISCN Communities of Practice
2. Host high-impact conferences, events, and meetings
3. Leverage the ISCN Fellows Program to engage members to lead initiatives
4. Build a knowledge base of global best practices

## STRATEGIC PRIORITY 2

### Foster Opportunities for Greater Local, Regional, and Global Impact

#### GOALS

1. Support regional initiatives such as the ISCN Latin American (ISCN-LATAM) Chapter
2. Convene members at the UN Conferences of the Parties (Climate and Biological Diversity)
3. Cultivate strategic partnerships for scaling impact
4. Facilitate and encourage member collaboration

## STRATEGIC PRIORITY 3

### Deliver Exceptional Network Management and Member Support

#### GOALS

1. Develop strategic communication channels for members
2. Provide excellent service and direct support to members
3. Ensure efficient administration, transparent governance, and sound financial management
