- 91% Interested in a regional sustainability forum
- 95% Interested in being part of a Latin-American ISCN Chapter

5. First Virtual Meeting of the Latin American ISCN Chapter May 26th, 2021

- 81 participants
- Survey presentation
- Conversation

6. March to June 2022

- Preparing this Meeting

7. The Future of ISCN-LATAM Chapter?

To provide a regional forum to discuss common environmental problems, generate collaborative solutions and give support for Higher Education Institutions of Latin America, and the interchange of ideas, information and best practices that can help in the achievement of sustainability in their campus and in research and education.

Mission

Vision

Generate a shared future by means of a horizontal network of Latin-American universities that can make use of knowledge, capacities, human and technological resources and infrastructure to build a sustainable future for the region.

- Learning and experiences exchange
- Support in technical and academic learning
- Common projects
- Synergies

Benefits of a Regional Alliance

- 2021 survey

Plans for 2022

- Formally launch the Chapter
- Deliver a series of workshops
- Communication and engagement strategies
